

Would you like to impact the lives of youth? Be a mentor!

- Be a positive role model
- Help prevent violence and substance abuse in our community
- Offer guidance and support
- Make a difference

Our volunteer mentors attend a 15 hour training to strengthen skills and abilities to help a young person make healthy decisions, create positive relationships, build self-confidence, and reach their full potential. Mentors are matched with a youth and spend a few hours a week helping them achieve their goals.

“An investment in our youth today is an investment in our society”
